Appendix 1 - Essential Information

Please read so that you are prepared for your visit from snakes alive

- A standard plug socket (240 volt, 13 amp) must be available upon request.
- We request an adequate sized table to put the animals on.
- We require Our animals to be kept in the same room as the encounters as we will not leave them unattended.
- NO dogs, cats, rodents or other pets are permitted in the Event area.
- Hand washing facilities must be available for those handling the Creatures
- If the venue is up or down any number of stairs it is important You notify us in advance as it may change the animals we can bring with us. Please consider that our large snakes weigh over 30kg (6 stone) and are not easy to carry safely to some locations. Not disclosing this information could result in a loss of Your Event charged at full price as We will not leave animals unattended in the car/van.
- Due to the reasons described above we would appreciate knowing any available parking facilities at the venue to allow us to plan for our arrival and safe unloading of the animals.

PARTY POPPERS!

We would politely request that balloons are kept out of the encounter area. We do not wish to ruin the party atmosphere but a number of our animals do not like balloons and the loud banging can startle them.

You may also not be aware of the environmental impact of balloons. As we have a keen interest in protecting marine wildlife, especially turtles, so we kindly ask that you consider alternatives at your events.
